

## MY UPTOPIA

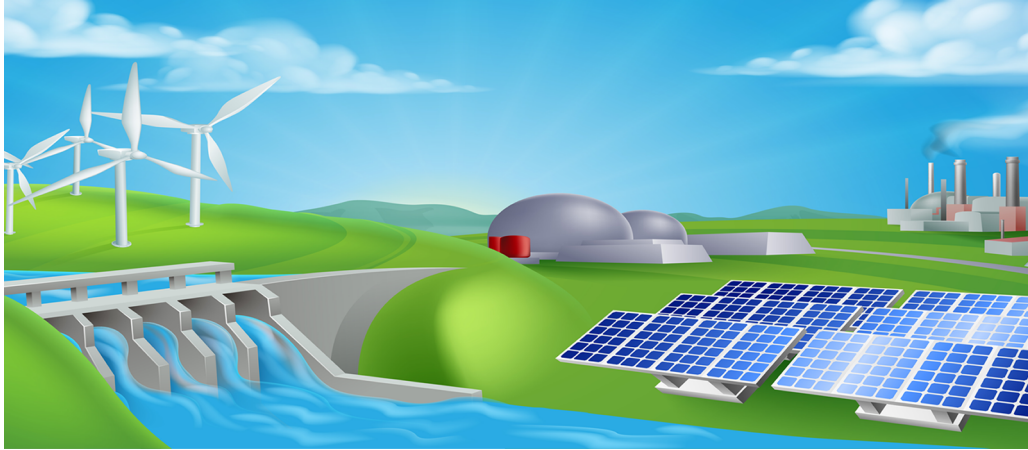

1. Full automation of as much work as possible.

2. Redistributing the remaining work more fairly. Work also becomes optional.

3. Fossil fuels faded out and replaced with sustainable energy.
4. Countries split into Autonomous regions.

5. Healthcare and Education: Free for all, at the highest standard possible.
6. UBI

Other points Ideas:

Anarcho-syndicalism.

Autonomous regions.

Global environmental protection agency that ban  
Fossil fuels faded out and replaced sustainable energy.

Advertising replaces with art

Abolish borders.
