by Michelle Phan

This tutorial is going to show you how to look like the glamorous Barbie doll.

Perfect for Halloween.

I just moved into a new place, thus no furniture. I also did this tutorial with no mirror, just the reflection of my camera... so please bear with me =/

2. Flawless Airbrush Foundation

Shake it well. Spray it on your hand first. Stipple your foundation. by using a brush. Apply it on your skin. This gets flawless looking coverage. Gently dab it all over your skin.

3. Finishing Powder

Healthy for your skin. Use a powder puff and load up your puff. Blot the excess off the back of your hand. Start powdering your face to perfection. Gently pat your face. Don't forget your neck.

4. Wig Time! YAY
